Dear L. Dellow/M. Howitt:

It is with regret that I inform you, that under Board policy and regulations pursuant to Part 2, Division 1, Section 6 of the School Act, I am suspending Colin Dellow for one day specifically April 7, 1999.

Colin has been suspended for one day for violating the rules of the Electronic Mail Permission Form. He violated copyright laws, used another person's password, trespassed into another person's folder, work or files. This is unacceptable behaviour at Central Middle School.

In addition to the suspension from school Colin has lost computer privileges for the remainder of the school year. Any unauthorised use of the computers will result in further suspension.

During the suspension Colin will be required to work on school assignments. His teachers can be contacted regarding assignments. Colin is also reminded that he is not permitted in the school or on the school property during the suspension.

I will be pleased to discuss with you all aspects of the suspension and the conditions under which Colin may return to regular classes on April 8, 1999.

Yours truly,

Mr. B. Cooper, Vice-Principal
